

## TECHNOLOGY

All technology integrated within the unit is designed to be user friendly for all teachers. If your classroom lacks any of the pieces required for the lesson, the lesson is easily modified for a teacher computer only.

### POLL EVERYWHERE

In order to use the Poll Everywhere questions within the Google Slides Presentation, teachers must install Poll Everywhere to their Chrome Browser. To install, follow the simple instructions in this video: <https://vimeo.com/138910401>

\*Don't forget to clear all data from your polls after you have recorded it!

### GOOGLE CLASSROOM

All provided worksheets can be assigned as editable documents on Google Classroom. You can also assign the flipped video and attach the YouTube link directly to your assignment...OR print and assign on paper! For help with creating assignments in Google Classroom, visit this link:

<https://support.google.com/edu/classroom/answer/6020265?co=GENIE.Platform%3DDesktop&hl=en>

### KAHOOT!

All students will need devices to play the Kahoot! vocabulary review game. If students are not permitted to use cell phones and do not have school provided computers or iPads, simply run the review as Jeopardy or another classic review game.

## RESOURCES FOR STUDENT RESEARCH

Conserve Wildlife Foundation of NJ provides an abundance of information about the endangered and threatened species of NJ on our webpage. Information is reliable, easy to understand, and includes photos.

Follow this link to access our field guide: <http://www.conservewildlifenj.org/species/fieldguide/>

## ATTRIBUTIONS

Information within the unit, including the flipped video and Google Slides Presentation, comes from Conserve Wildlife Foundation of NJ's website.

Original music (in the videos) written and performed by Evan Straley of [evantr0nic](http://evantr0nic.com).
